

The Magical Adventure

by Richie church

Once a long time ago when dragons were real and big empires were still there, there was a boy named Jonathan. He lived in an old farm house on the outskirts of an empire. The boy was 11 years old. He liked games, adventures and walking in the woods by his house.

One day he was walking in the woods when he saw a cave that wasn't there before. He went over to the cave. There was a glowing sword. He grabbed the sword, then he saw the cave, woods and ground disappear! All he could see was the sword. Soon he saw something else. He saw a big mountain and some green plains. He was by a small house. There was a piece of paper in his hand. It said, "Go inside. There will be a book on the table. Read it." He went inside and on the table was a book. He opened it and read it. It told him why he was there:

"You are here because some creatures have escaped from one of the three realms, the dark realm. You must find help, or they will take over your realm. I will help you along your quest." It also told him that he should climb the mountain.

He was going to the mountain when he saw a horse coming towards him. He stood still. "I might be able to ride it", he thought. When it got close the horse said, "Hello, is your name Jonathan?" Jonathan was surprised, "You can talk?"

"Yes" said the horse.

"My name is Jonathan", said Jonathan. "Can you give me a ride to the mountain?"

"Sure" said the horse.

"Do you have a name?" Jonathan asked.

"Yes, Bronze", he said.

Jonathan got on the horse and they started riding towards the mountain. When they got there Bronze said "There are two ways to get up there the easy way Full of monsters or the harder way without monsters".

"We should go the easy way", said Jonathan.

"Why?", asked Bronze.

"Havent you noticed my sword?", asked Jonathan.

So they started up the easy way.

They walked in silence for a couple minutes when they heard "Leave", in a faint creepy voice.

They were walking cautiously when they heard it again in a couple faint creepy voices. They were getting scared when they saw a skeleton. They were climbing when they started to hear a creepy wailing sound. They were really scared then! When they reached the top they saw a jewel. Jonathan grabbed it then they ran down as fast as they could. They got to the bottom safe. The jewel had words on it Jonathan read them, "Coom coum tu mea drogon ". A dragon appeared. "You have called me", said the dragon. "I need help protecting my realm" said Jonathan "I will help you", the dragon said. Jonathan rode the dragon home. They defeated the monsters and lived happily ever after in the king's palace.
